

CROSS-REGION ACTIVATION RESTRICTION POLICY

To maintain market order in Russia, protect the interests of authorized partners, and prevent unauthorized cross-region sales, CHIGEE will officially implement a device Cross-Region Activation Restriction Policy in the Russian market starting from now.

Policy Details:

- If the current location does not match the sales region of the device, activation will be denied, and a “Unauthorized Region” message will be displayed on the device.
- CHIGEE will not provide any form of after-sales service or technical support for devices purchased through other region 's channels.

Important Reminders:

- Devices purchased from the China market or any other foreign markets will NOT be able to activate or function properly within Russian territory.
- If resellers receive activation failure or after-sales inquiries, customers must be directed to contact their original point of purchase. CHIGEE will not process any support requests for devices outside of authorized territories.

Please purchase only from the following CHIGEE authorized partners in Russia:
